

Gulf to Lake (US Hwy 41) Repaving Project

Starting in September, Pave-Rite, on behalf the Florida Department of Transportation, is repaving Gulf to Lake Highway (SR 44) between Highland Boulevard and Cherry Avenue in Inverness. Also, new stormwater drainage pipes will be installed along the north side of the roadway between Apopka Avenue and Grace Street.

Due to the traffic volume along this busy highway, it is necessary to perform paving work at night. Lane closures will occur nightly from 6:30 pm to 7:00 am. Access to driveways and side streets will be maintained however, sidewalks will be closed during pipe installation work.

The \$1.8 million repaving project is expected to take a year to complete.
